Notes: 1. Supplier must complete all fields with * and place forms on all four sides of each certified Pallet, Bin &/or Skid. 2. Supplier must produce forms in color and place under shrink-wrap material (if used). 3. Supplier must remove and destroy all forms found on all empty returned damage immediately upon receipt. 4. The Contact name is to be a supplier contact who can answer questions about the certified shipment. 5. ** The ASN number is preferred but may be left blank if ASN is not known at the time bin/pallet is certified. 6. If an Approved 3CPR Provider certifies a supplier's Level 1 certified shipment, the 3CPR Provider must add a branded label or sticker to all forms or pallets.	

Verificar que el telltale no quede encendido y colocar a cada pallet una hoja de certificación por cada lado.
